Southern Uplands - Looking Ahead

	Saturday 11 May	Sunday 12 May
How windy? (On the summits) Effect of wind on you?	Southwesterly 10 to 20mph. Small.	Gusty south or southwesterly 15 to 20mph, stronger during gusts. Beware powerful gusts before thundery afternoon showers. Balance affected during gusts. In the afternoon, powerful gusts before showers may knock you off balance.
How wet? (Precipitation and its impact)	Risk of showers in the afternoon Dry first half of the day, later with developing clouds local showers possible. Highest risk in Cheviots.	Increasing risk of localised thunderstorms. Spots of rain falling from high level cloud from morning, especially Galloway. Increasing risk of local showers and possibly even torrential thunderstorms by late afternoon. Persistent rain overnight as front moves in from evening.
Cloud on the hills? Chance of cloud free summits?	Hills mostly clear Chance of fog in the valleys and on the lower hills at dawn. Becoming 90%	Most upland clear until rain forms A few patches of mist in the morning, including in the valleys. During heavier showers, cloud will soon envelop higher ground and mid-slopes for a time. 70%
Sunshine? Air clarity (below cloud)	Sunny start, clouds building up in the afternoon. Good visibility.	Pockets of sunshine fading as high cloud thickens through day. Morning haze mostly washed out by afternoon showers.
How Cold? (at 750m) Freezing Level	12 to 15C. Feeling as cold as 5C in higher wind, especially when not in direct sunshine. Above the summits.	10 to 14C, warmest in eastern areas. Feeling 5C or below in the wind. Above the summits.

Planning Outlook**All mountain areas of Britain from Saturday, 11 May, 2024**

High pressure drifting eastwards during the weekend, whilst southerly breezes brings warmer air and often clear skies, with most places staying dry. A greater risk of showers or thunderstorms by Sunday. Low pressure bringing wet and windier weather for a day or two Monday onwards. Becoming showery from Tuesday or Wednesday with varying cloud banks across many mountain areas. Temperatures remaining mild.
