Temperature (at 600m)	8C	8C
And in the valleys	In the valleys: 13-15C	In the valleys: 13-15C

Planning Outlook**All mountain areas of Britain from Friday, 15 September, 2017**

Cold and showery across all mountain areas through the remainder of this week. On highest Scottish summits showers will fall as sleet and wet snow. By Sunday and through the early days of next week, as pressure builds from the south, winds will back more westerly. It will become warmer with drier conditions than of late, but with spells of patchy rain mainly over western half of the Highlands.
