And in the valleys	12C at dawn, rising to 20C afternoon.

All mountain areas of Britain from Saturday, 26 July, 2025

Westerly winds with mixed weather will prevail through the weekend into next week, bringing patchy rain and some heavier showers at times pushing eastwards - Saturday into Sunday may be quite wet for the west of Scotland. Through the week, periods of rain will be punctuated with decent sun breaks, though northwest Scotland will struggle to clear for sun. Often breezy and feeling cool with temperatures lingering near or below average. Likely remaining unsettled into the following weekend though details are uncertain.

Forecasts are issued daily by 16:30 and are kept under review and amended as necessary. However, expected conditions can still change after issue. © Copyright Mountain Weather Information Service, 2025.
