| Freezing Level | 900m or above. | Just above the summits. |

Planning Outlook**All mountain areas of Britain from Friday, 27 March, 2020**

Frequently cold over the next week, leaving higher terrain frozen. A little snow, mainly N/NE Scotland, but with pressure high centred just west of Britain, total precipitation small.

Scottish MR Note: Scot Gov has stated that "essential travel only must be undertaken" in order to protect our rural communities and prevent extra pressure on our Emergency Services. Now is the time to avoid unnecessary mountain activities and consider our social responsibilities. More info, visit: <https://www.gov.scot/coronavirus-covid-19/>
