## Planning Outlook

### All mountain areas of Britain from Friday, 20 June, 2025

Increasingly very warm air reaching all areas on southerly breezes through the rest of this week. Dry conditions, sunshine and fair-weather cloud, some patchy coastal cloud at times in west, locally gustier winds too. A more uncertain outlook into the weekend and early next week, a good deal of fine and warm weather, but risk of some rain or showery bursts at times, temperatures likely easing back. A more changeable Atlantic southwesterly pattern likely emerging, although how soon this takes hold is very uncertain.
