Detailed Forecast for Sunday, 21 June, 2026

How windy? (On the summits)	Easterly or variable, 10mph or less, but through afternoon strengthening to 20 or 25mph.
Effect of wind on you?	Negligible much of day.
How wet? (Precipitation and its impact)	Rain very unlikely Isolated bursts of rain afternoon.
Cloud on the hills?	Hills clear most or all day There may well be none, but risk fog now and again higher slopes afternoon (most likely during/after a shower).
Chance of cloud free summits?	Above 90%
Sunshine? Air clarity (below cloud)	Bright sunshine morning, intermittently cloudy afternoon. Visibility excellent or superb.
How Cold? (at 700m)	11C at dawn, rising to 17C.
And in the valleys	12C at dawn, rising to 23C afternoon, increasingly humid.

Yorkshire Dales & North Pennines - Looking Ahead

	Monday 22 June	Tuesday 23 June
How windy? (On the summits)	South to southeasterly between 15 and on higher tops perhaps 25mph.	Southwesterly 15 to perhaps 25mph,.
Effect of wind on you?	Fairly small	Fairly small.
How wet? (Precipitation and its impact)	Risk bursts of rain, possible thunder Confidence low: probably dry. But small risk of a few bursts of rain, perhaps brief although possibly isolated thunder.	Rain unlikely Chance thundery showers at first.
Cloud on the hills?	Very little for most of the day - may form in rain. Generally the hills free of cloud although fog may form on higher slopes in rain.	Little if any Fog here and there after dawn - clearing within a few hours
Chance of cloud free summits?	90%	Soon almost certain
Sunshine? Air clarity (below cloud)	Patches of sunshine although extensive high level cloud. Visibility good, although a haze.	Sunshine extensive, sometimes weak due to thin high level cloud. Good visibility although hazy.
How Cold? (at 700m)	17C - very warm.	17C rising to a very warm (and exceptionally humid) 22C.
And in the valleys	22 to 25C in afternoon - feeling humid.	Very warm indeed as afternoon temperatures approach 28 to perhaps locally 30C.

Planning Outlook**All mountain areas of Britain from Monday, 22 June, 2026**

Extensively dry, very warm but very humid indeed England and Wales, although around Monday chance of a thunderstorm. Rain and low cloud at times Scotland, mainly affecting western mountains - although later next week the warmth encroaching into Scotland. There may well be widespread thunderstorms later in the week, before less hot weather extends from the Atlantic around next weekend.
